

REMARKS/ARGUMENTS

Favorable reconsideration of this application in view of the present amendment and in light of the following discussion is respectfully requested.

Claims 2, 3, 6-22, 24-37, 39, 40, and 42-64 are pending in the present application. No claims have been added or amended by way of the present amendment.

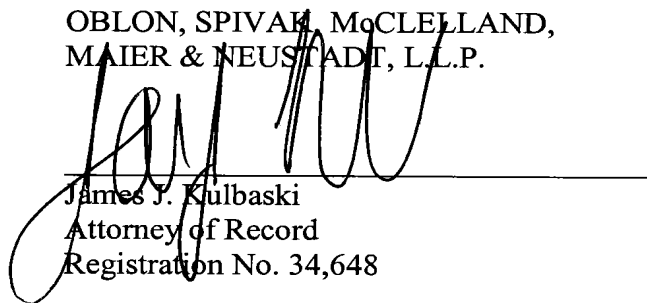

The outstanding Office Action was under *Ex parte Quayle*.

In the outstanding Office Action, the specification and drawings were objected to. In response to this objection, each occurrence of HOY in the specification has been changed to 110Y. Accordingly, the objection to the specification should be withdrawn. In view of the changes to the specification, the objection to the drawings is now moot.

Consequently, in light of the above discussion and in view of the present amendment, the present application is in condition for formal allowance and an early and favorable action to that effect is requested.

Respectfully submitted,

OBLON, SPIVAK, McCLELLAND,  
MAIER & NEUSTADT, L.L.P.
